

GEEKS FOR GEEKS STUDENT CHAPTER PRESENTS 24 WRAP

Greetings, Tech Enthusiasts!

As the academic year 2024 wraps up, let's take a moment to celebrate the incredible journey of our tech club, Geeks for Geeks (GFG). It's been a year packed with innovation, learning, and growth. Whether you're a coding wizard, a tech newbie, or just someone curious about the digital world, we've got something for everyone.

This year, our club stood out not just for the variety of events we organized but also for the incredible participation and enthusiasm of our members. Together, we've built a community that fosters creativity, collaboration, and a love for technology. With each event, we've taken steps toward making learning interactive, engaging, and memorable.

19th June - Launch of Our Discord Channel

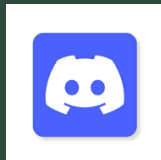

1st to 5th July - Tech Talk Week

Building a vibrant, interactive coding community.

Weekly open-ended projects that challenge creativity.

Monthly web development projects for hands-on experience.

Regular interactive discussions and meet ups to foster collaboration.

1st to 5th July - Tech Talk Week

A week-long series of engaging and insightful tech talks hosted exclusively on our Discord server. The latest tech trends and innovations, as highlighted in our promotional poster.

Brain Busters event held on Feb 1, 2024! A GeeksforGeeks Odyssey

Topic AI/ML This event took participants on a journey into the world of Artificial Intelligence and Machine Learning. The event featured two exciting rounds:

Quiz Round: Challenged participants with thought-provoking questions.

Rapid-Fire Battle: Tested quick thinking and teamwork.

Teams competed enthusiastically, and winners walked away with exciting prizes.

25th July - DSA Diaries 3.0

Expert Guidance: Insights from industry veterans who've mastered Data Structures and Algorithms.

Hands-on Practice: Real-world problem-solving exercises.

Exciting Competition: A challenging DSA quiz with attractive prizes.

Perks for Participants: Assured goodies, participation certificates, and networking opportunities.

19th September - Netflix Code Heist

A thrilling 3.5-hour mini-hackathon. The ultimate coding showdown, 3 Round mini-hackathon.

Participants worked in teams to solve complex problems under time pressure. Prizes: Tech devices, including wireless mice, bags, stickers, and official T-shirts. Electrifying and highly competitive!

From the President's Desk

"This year has been nothing short of extraordinary! The passion and enthusiasm of every GFG member have made our events a resounding success. Each event was a testament to the creativity, dedication, and collaboration of our incredible community. From interactive workshops to competitive hackathons, we've consistently raised the bar for what a student tech club can achieve. Looking ahead, I'm thrilled about the journey we'll embark on together in 2025. We plan to bring more innovative events, foster deeper industry connections, and continue building a platform where every tech enthusiast can thrive. Let's keep pushing boundaries and inspiring each other. Stay geeky!"

- **Khushi Omar**

4th August - Industry Meetup!

Bridging the gap between academia and the tech industry.

An opportunity to network with industry professionals and gain career insights.

Panel discussions on emerging trends and technologies.

A platform to showcase student projects and receive feedback.

Strengthened ties between students and industry leaders, opening doors to internships and mentorships.

A delightful buffet was provided for all attendees, making the meetup both informative and enjoyable.

17th October - Speaker Session and Training Workshop

Collaboration: Conducted in partnership with Salesforce Trailblazer.

An engaging speaker session combined with a practical training workshop to enhance skills and industry readiness.

Sneak peak at 2025 Upcoming events

GATE WORKSHOP - Get ready to crack the GATE exam with expert-led sessions.

CODE CONQUEST - Test your skills, showcase your talent, and claim victory!

GFG THREE 90 ACTIVITY - Get ready for a surprise

AMICODE - Amity university biggest hackathon.
